### **Independent Auditor's Report**

To the Members  
ACG Securities, LLC  
Two Wall Street  
Manchester, NH 03101

We have audited the accompanying statement of financial condition of ACG Securities, LLC as of December 31, 2003 and 2002 and the related statements of income, changes in members' equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that the Company is filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of ACG Securities, LLC as of December 31, 2003 and 2002, and the results of the operations and the cash flows for the year then ended in conformity with generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II, III and IV, is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**ACG SECURITIES, LLC**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2003 AND 2002**

**NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES**

The Company was incorporated in the State of New Hampshire on June 24, 2001 to conduct business as a registered broker-dealer under the Securities and Exchange Act of 1934. The Company acts principally as a representative of business clients in the private placements of their securities arising from mergers, acquisitions, divestitures, recapitalizations, debts, mezzanine and equity financing.

Income Taxes

The Company is a Limited Liability Company for federal income tax purposes. Consequently, income or loss flows directly to the members, and income taxes are determined at the member level.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities as of the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**NOTE 2 - NET CAPITAL**

As a broker-dealer, the Company is subject to the Securities and Exchange Commission's regulations and operating guidelines which require the Company to maintain a specified amount of net capital, as defined, and a ratio of aggregate indebtedness to net capital, as defined, not exceeding 15 to 1. The Company's net capital as computed under Rule 15c3-1, was \$9,479 and \$8,328 at December 31, 2003 and 2002, respectively which exceeded required net capital of \$5,000 by \$4,479 and \$3,328. The ratio of aggregate indebtedness to net capital at December 31, 2003 and 2002 was 0%.

**NOTE 3 - LOSS CONTINGENCY**

As of December 31, 2003 the Company is involved in litigation that may, in a subsequent period result in a loss. As of December 31, 2003 the Company had set up a reserve of \$91,250 to offset accounts receivable. The Company believes they will not collect. There is a remote possibility losses will exceed the \$91,250, reserved for, and any amounts in excess can not be estimated.

**Independent Auditor's Report on Internal  
Control Structure required by SEC Rule 17a-5**

To the Members  
ACG Securities, LLC

In planning and performing our audit of the financial statements and supplemental schedules of ACG Securities, LLC for the year ended December 31, 2003 and 2002, we considered its internal control structure, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because ACG Securities, LLC, does not carry securities accounts for customers or perform custodial functions relating the customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons.
2. Recordation of differences required by Rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) list additional objectives of the practices and procedures listed in the preceding paragraphs.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control; that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control, including control activities for safeguarding securities that we consider to be material weakness as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe the Company's practices and procedures were adequate at December 31, 2003 and 2002, to meet the Commission's objectives.

This report is intended solely for the use of the Members, the Securities and Exchange Commission, The National Association of Securities Dealers, Inc. and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and should not be used for any other purpose.
